

Cromato Silver stepladder

✓ Private use

- High guardrail for optimal support during use
- Non-skid treads and rubber feet
- Strong, tough and extremely safe

The Cromato Silver. Extremely strong and stable household stepladder

The reliable Cromato Silver is a steel household stepladder. This ladder offers you stability. Safe and strong. Allowing you to perform all jobs with confidence and certainty.

The robust Cromato Silver guarantees standing comfort. With its extra-large, anti-slip treads and the high support rail it ensures an optimal grip. The large rubber feet also ensure that you always stand stable. The Cromato Silver is the ideal ladder for any household job.

Easy to use

The simple unlocking mechanism allows your household ladder to fold with one simple movement of the hand.

Optimal comfort

With the extra-large treads you are always certain of your step. And with the anti-slip profile you cannot slip.

You can also sit on it

The 2 tread Cromato Silver can also be used as a chair. Great for catching a quick breath.

For extra support

The high support guardrail of the Cromato 2 plus and 3 plus brings extra safety. This gives you optimum grip and stability at all times.

Product specifications

Item number	number of treads	foldable guardrail	storage length (m)	standing height (m)	max working height general (m)	weight (kg)	floor surface (m2)	EAN
